Business / Phila. License #44300

Tax # PA HIC #122666

Description	Total
Fluorescent Replacement LED T8 Lamps	\$0.00
32W Equivalent Daylight T8 4 ft. LED Light Bulb (10-Pack). These will replace the fluorescent lighting at food prep station. We can also swap out the ones in the office if you'd like(not included). ***Existing fixture must be equipped with an instant start ballast for use. Otherwise we will have to order a different style.	
Hot Tub Installation	\$0.00
Supply and install power to new hot tub and make all final connections and terminations. Will require making penetration through foundation wall in basement, running conduit along the back of the house to final destination. Mount and install new safety disconnect switch as per National Electrical Code.	
Outdoor Spotlight	\$0.00
Install all new wiring and PVC conduit along the back of the deck to a round box which will house the new LED spotlight set on motion detection. Feed will come from the spotlight located at the back door.	
Back door spotlight replaced with same new LED spotlight as we are using on the deck. Also set to motion detection and switch controlled.	
Wiring this way will allow both lights to be turned off at the switch from inside the house. The switch can be left on at all times and lights will only turn on when it senses motion at night time.	
Smart Home Automated Lighting	\$0.00
Install color changing bulbs connected through WiFi utilizing an app on your smart phone. Gives the capability to turn lights on and off and change the color from an app on your phone or voice control. IFTTT compatible for future expansion	

Subtotal	\$0.00
PA Sales Tax	\$0.00
Total	\$0.00
